

## **How to Exchange your old DataSmart3 for the New DataSmart3+**

### **Cost**

We will exchange your old DataSmart3 for the new DataSmart3+ for \$695 USD that includes shipping by FedEx or DHL to your location.

### **Functions**

The new DataSmart3+ will have the same functions as your old DataSmart3, but if you need more options that were not included on your old tool, you will be able to purchase new hardware or software; check the price list on our website or contact your dealer for more details.

### **What to do with your old tool**

Disable your old DataSmart3 by taking a hardware update. We will then upload a new file to our server to allow the same functions on your new DataSmart3+; you then use the activate functions process on your new DataSmart3+ using PC\_link. Send back the old DataSmart3 to your dealer or us (you only need send the main hardware unit, plus any of your old adapters we have sent replacements for, hold all other cables for use with your new DataSmart3+). If your old DataSmart3 is damaged and you cannot do a firmware update then you must send back your main hardware unit first to Smelecom China, we will then send the new main hardware unit to you.

**Important Note: You have two weeks from receipt of your new tool to return your old DataSmart3 and any old adapters we have sent replacements for to Smelecom China; if we do not receive these within this time we will disable your new DataSmart3+ until the old main hardware unit and the replacement adapters are returned**

### **Warranty**

The DataSmart3+ carries a 3 years warranty for the hardware, and a 1 years warranty for cables and accessories, but please note you are responsible for any shipping costs incurred to and from Smelecom China.

**Important Note: This special promotional cost for exchange is valid until the 31<sup>st</sup> August 2010, after this date please contact us for the revised cost of exchange.**
